Pentland's People

A bit about us!

Located beneath the splendid rolling Pentland Hills in Midlothian, Pentland Plants is more than just a young plant nursery and garden centre. Passion, experience and an understanding of growing plants have earned our family-run business a reputation for quality, experience and innovation. Premium quality plants and excellent service and advice remain at the heart of our business.

David, Carolyn, Richard and Hilda

The Pentland Team

Our history

Pentland Plants has been growing since 1922 when Joseph Spray started a market garden in Leamington Spa. His son Bob studied at Writtle College and worked at Kew Gardens before joining the local authority at Southend. He ran other parks departments in England before moving to Kirkcaldy Council. He then started his own business growing tomatoes and cut flower chrysanthemums and his wife Irene had several florist shops throughout the Lothians. His son David and wife Hilda (Dad and Mum to me) joined the company and it expanded to grow shrubs, bedding plants and to start a small retail shop.

Richard, Carolyn, Hilda, David and Bob

Carolyn and Hilda

Bedding plants became the big thing in the early 80's and they travelled all over the USA learning from the growers at the cutting edge of young plant plug production. We are now one of the largest plug plant producers in the UK, but like to think we still have the personal touch you just don't get from large faceless companies. I now manage the garden centre and also am a presenter on BBC Scotland's Beechgrove Garden. Richard, my brother runs Pentland Biomass which offers biomass heating systems and wood fuel.

Customer Care

We are very aware of how important it is for us to have the closest possible contact with you, our customers.

We attend all the major trade shows each year and are always delighted to discuss your requirements. If you attend any of the shows please stop by and say "hello" so we can put a face to the name should you telephone us.

Our team of Pentland Representatives will be pleased to help you plan your crops and select the best varieties.

Please contact them direct if you wish a visit.

CASH AND CARRY!

We have cash and carry each Friday at Pentland Plants starting at the end of February through to the beginning of May and again from the beginning of August through to the end of

September. The cash and carry is open from 9am until 3:30pm.

You can come and browse through our surplus stock of plugs and top up on any extra plants that you may need. There is a wide range of varieties and colours available as full and part trays. Availability changes from week to week and specific plants cannot be guaranteed. Plants are sold on a first come, first served basis.

There is a minimum spend of £25.00 including VAT. Payment by cash or card only.

If you are close enough to drive to us then it is definitely recommended as there are fantastic savings to be had!

Lesley, Michal and the team look forward to meeting you.

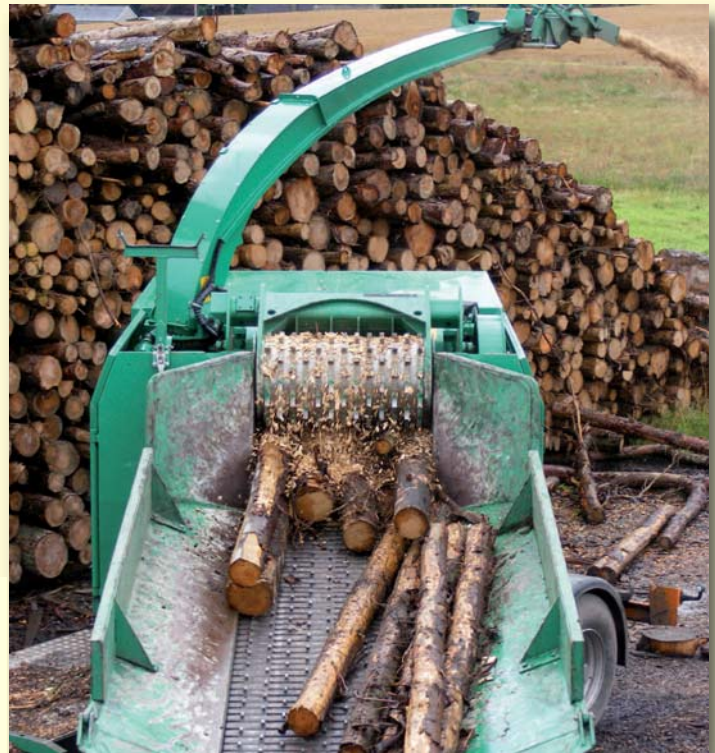

NON-CATALOGUE ITEMS

The varieties we have chosen for inclusion in our catalogue are excellent proven varieties. However if you particularly want a variety we do not list, we can grow these specially for you.

There is a minimum order of ten standard trays per variety, per delivery.

We can only guarantee to supply the number of plants which germinate and we cannot resow if the germination is poor. These varieties will carry no discount.

Terms and conditions are available on request.

PENTLAND BIOMASS

Here at Pentland Plants we reduced our CO₂ emissions by 2,500 tonnes per annum when we installed our 2MW biomass boiler to heat our nursery, garden centre and cafe in 2006.

There has never been a better time to consider biomass. Please call Richard on 0131 440 0895 to ask how biomass could reduce your CO₂ emissions and also understand the savings that can be made on your annual fuel bills.

**Pentland
BIOMASS**

Woodfuel and Woodfuel Heating Systems
Cutting the Costs of Fuel and CO₂ Emissions

It's time to change the way you heat your home or business. A move to biomass can save you money and also help the environment.

We are experts in the design and installation of woodfuel heating and our systems are efficient and reliable. We also provide high quality clean wood from local sustainable forests.

We offer a high speed contract chipping service if you have your own woodland or timber.

Our ongoing servicing support is second to none.

Call Richard on 0131 440 0895 to see if biomass would benefit you.

Which Pansy variety to choose?

For autumn and winter flowering the multi flowered varieties such as Mariposa and the larger flowered Inspire and Karma are reliable and popular varieties. These are best transplanted from plugs throughout the summer to give a succession of plants showing colour for sales in September, October and November. The large flowered varieties such as Karma and Inspire can also be transplanted in late autumn and over-wintered cold for early spring sales in flower. Pansy Pentland Large Flower is also available in weeks 2-8 as 230 trays ONLY.

What a success the new pot carnations have been. Plant in late autumn in a 10cm pot, grow cool and frost free over the winter. Grow on the dry side and increase the heat slightly as the light improves in the spring and they will flower in March / April when there is little other colour about.

Sweetunia Bordeaux

We travel through Europe each year visiting breeders and trial grounds to select what we consider the best and exciting colours and varieties for garden centres. Each year we are amazed how breeders keep producing new colours and must congratulate them for their efforts. Look at the luscious colours of the fully double Sweetsunshine and the extraordinary veined Sweetunia to see what we mean.

Each year we attend all the major horticultural trade shows in the UK to show new products and meet with customers.

This is our stand at the HTA National Plant Show 2011 at Stoneleigh with many new cutting raised varieties on show for the first time.

We grow over 50 million bedding and basket plants every year on our nine acre high tech nursery controlled by our Hoogendoorn computer system.

Each year we grow around 100,000 poinsettias for supermarkets, garden centres and nurseries. Please contact us for prices.

Replugging – All our trays are gapped before dispatch. We use our replugging machines to ensure each tray is 100% full, essential if you use transplanting machines.

Throughout our production process the plants are continually monitored by our trained technical team to ensure the highest quality.

We use high speed machines to transplant tuberous begonias from small cells to larger cells.

All of our plants are grown in compliance to BOPP's strict quality control guidelines ensuring you receive the best quality plants.

The Purchaser shall be responsible to the Seller for ensuring the accuracy of any order (including any applicable specification).

3.3 The Contract is subject to the Goods being available from the Seller's stock at the time of delivery. The Seller reserves the right to make any changes in the specification of the Goods as recorded on the Order Acknowledgement which are unavailable from the Seller's stock so as to substitute the nearest equivalent Goods unless an order is clearly marked no substitutes by the Purchaser.

3.4 No order which has been accepted by the Seller may be cancelled by the Purchaser except with the agreement in writing of the Seller and on the terms that the Purchaser shall pay to the Seller by way of liquidated damages (and without the Seller having to prove loss):-

3.4.1 in the case of cancellation in the period 6 to 12 weeks before delivery 25%;

3.4.2 in the case of cancellation in the period 3 to 5 weeks before delivery 50% and

3.4.3 in the case of a cancellation in the period less than 3 weeks before 90%

in each case of the full price stated on the Seller's Order Acknowledgement and Value Added Tax thereon. Notwithstanding the terms of this condition the Seller shall be entitled to seek further compensation for its loss in unusual circumstances.

4. PRICE OF GOODS

4.1 The price of Goods shall be the price stated on the Seller's Order Acknowledgement.

4.2 The Seller reserves the right, by giving notice to the Purchaser at any time before delivery, to increase the price of Goods to reflect any increase in the cost to the Seller [of producing the Goods] which is due to any factor beyond the control of the Seller.

4.3 All Goods will normally be supplied carriage paid by the Seller except where specifically excluded in terms of the Seller's Order Acknowledgement.

4.4 The price is exclusive of any applicable Value Added Tax, which the Purchaser shall additionally pay to the Seller.

5. TERMS OF PAYMENT

5.1 Subject to any special terms agreed in writing between the Purchaser and the Seller, the Seller shall be entitled to invoice the Purchaser for the price of the Goods on or at any time after delivery of the Goods, unless the Goods are to be collected by the Purchaser or the Purchaser wrongfully fails to take delivery of the Goods or fails to give the Seller adequate delivery instructions at the time stated for delivery, in which event the Seller may invoice the Purchaser for the price at any time after the Seller has notified the Purchaser that the Goods are ready for collection or (as the case may be) the Seller has tendered delivery of the Goods.

5.2 The Purchaser shall pay the price of the Goods (less any discount to which the Purchaser is entitled, but without any other deduction) within 30 days of the date of the Seller's invoice, notwithstanding that delivery may not have taken place and the property in the Goods has not passed to the Purchaser. The time of payment of the price shall be of the essence of the Contract.

5.3 If the Purchaser fails to make payment on the due date then without prejudice to any other right or remedy available to the Seller, the Seller shall be entitled to:

5.3.1 cancel the Contract or suspend any further deliveries to the Purchaser;

5.3.2 appropriate any payment made by the Purchaser to such of the Goods (or the Goods supplied under any other Contract between the Purchaser and the Seller) as the Seller may think fit (notwithstanding any purported appropriation by the Purchaser); and

5.3.3 charge the Purchaser interest (both before and after any decree or judgement) on the amount unpaid, at the rate of 2 per centum per month, until payment in full is made.

6. DELIVERY

6.1 Delivery of the Goods shall be made by the Seller delivering the Goods to the Purchaser's address as stated on the Seller's Order Acknowledgement or, if agreed by the Seller, at another place requested by the purchaser, or by the Purchaser collecting the Goods at the Seller's premises at any time after the Seller has notified the Purchaser that the Goods are ready for collection.

6.2 Any dates quoted for delivery of the Goods are target dates only and the Seller shall not be obliged to deliver by said date. If the Seller is unable to deliver on the target date the Seller shall notify the Purchaser of that fact as soon as it becomes apparent. The Goods may be delivered by the Seller in advance of the target date on reasonable notice to the Purchaser.

6.3 Where the Goods are to be delivered in instalments each delivery shall constitute a separate Contract and neither failure by the Seller to deliver any instalment with these Conditions nor any claim by the Purchaser in respect of any one or more instalment shall not entitle the Purchaser to treat the Contract as a whole as repudiated.

7. RISK AND PROPERTY

7.1 Risk or damage to or loss of the Goods shall pass to the Purchaser:

7.1.1 in the case of Goods to be delivered at the Seller's premises, when the Seller notifies the Purchaser that the Goods are available for collection; or

7.1.2 in the case of Goods to be delivered otherwise than at the Seller's premises, at the time of delivery or, if the Purchaser wrongfully fails to take delivery, when the Seller has tendered delivery of the Goods.

7.2 Notwithstanding delivery and the passing of risk in the Goods, or any provision of these Conditions, the property in the Goods shall not pass to the Purchaser until the Seller has received in cash or cleared funds payment in full of the price of the Goods and all other Goods agreed to be sold by the Seller to the Purchaser for which payment is then due.

8. WARRANTIES AND LIABILITY

8.1 The varieties comprised in the Goods will correspond with their specification as set out in the invoice at the time of delivery. Beyond this the Goods are sold without warranty, express or implied as to description, quality, productivity or freedom from pest and disease and in particular the Seller will have no liability to the Purchaser for any disease, pest, damage or defect which is not discoverable by reasonable inspection of the Goods at the time of delivery or within a 7 day period thereafter.

8.2 Any claim by the Purchaser which is based on any defect in the quality or condition of the goods or their failure to correspond with specification shall (whether or not delivery is refused by the Purchaser) be notified to the Seller by annotation of the delivery sheet/despatch note by the Purchaser

countersigned by the Seller's delivery agent or (where the defect or failure not apparent on reasonable inspection) by notice in writing to the Seller within 7 days from the date of delivery. If delivery is not refused and the Purchaser does not notify the seller accordingly, the Purchaser shall not be entitled to reject the Goods and the Seller shall have no liability for such defect or failure, and the Purchaser shall be bound to pay the price as if the Goods had been delivered in accordance with the Contract.

8.3 Where any valid claim in respect of any of the Goods which is based on any defect in the quality and condition of the Goods or their failure to meet specification is notified to the Seller in accordance with these Conditions, the Seller shall be entitled to replace the Goods (or the part in question) free of charge or, at the Seller's sole discretion refund to the Purchaser the price of the Goods (or a proportionate part of the price), but the Seller shall have no further liability to the Purchaser.

8.4 The seller shall not be liable to the Purchaser for any consequential loss or damage (whether for loss of profit or otherwise), cost, expenses or other claims for consequential compensation whatsoever (and whether caused by the negligence of the Seller, its employees or agents or otherwise) which arise out of or in connection with the supply of the Goods or their use or resale by the Purchaser.

8.5 The Seller shall not be liable to the Purchaser nor be deemed to be in breach of the Contract by reason of any delay in performing or any failure to perform, any of the Seller's obligations in relation to the Goods, if the delay or failure was due to any cause beyond the Seller's reasonable control.

9. INSOLVENCY OF PURCHASER

9.1 This Clause applies if:

9.1.1 the Purchaser becomes apparently insolvent or makes any arrangement with its creditors, or being a company goes into liquidation whether voluntary or compulsory (otherwise than a voluntary liquidation of a solvent company for the purposes of amalgamation or reconstruction) or being an individual or a firm is sequestered;

9.1.2 the Purchaser being a Company an administration order is made in relation to it or a receiver appointed over any of the property or assets of the Purchaser; or

9.1.3 the Purchaser ceases, or threatens to cease, to carry on business; or

9.1.4 the Seller reasonably apprehends that any of the above events is about to occur and notifies the Purchaser accordingly.

9.2 If this Clause applies then, without prejudice to any other right or remedy available to the Seller, the Seller shall be entitled to cancel the Contract or suspend any further deliveries under the Contract without any liability to the Purchaser, and if the Goods have been delivered but not paid for the price shall become immediately due and payable notwithstanding any previous agreement or arrangement to the contrary.

10. PLANT BREEDERS RIGHTS

10.1 The Purchaser will not use the Goods other than for flower production without the prior written consent of the owner of the plant variety concerned and in particular the Purchaser shall not use the Goods for the propagation of legally protected varieties unless the Purchaser holds a licence from the owner of the plant variety concerned.

10.2 No plant material comprised in the Goods will be sold on by the Purchaser except under the relevant variety name or trade name.

10.3 If the Purchaser finds a mutant in the plant variety forming part of the Goods the Purchaser will inform the Seller forthwith in writing and make its offspring available for viewing and/or testing purposes to the Seller or to the owner of the breeder's rights free of charge.

10.4 The Purchaser shall give to the Seller or owner of the breeder's rights in any variety forming part of the Goods access to the Goods at any time in order to check their use.

10.5 The Seller shall be entitled to charge an additional royalty charge over and above the price in respect of all legally protected varieties.

10.6 The Purchaser shall indemnify the Seller in respect of any loss, injury or damage caused as a result of violation by the Purchaser of the plant breeder's rights.

11. GENERAL

11.1 The Seller and the Purchaser agree that if any of these conditions are found to be unenforceable then only such clause or part of a clause as is unenforceable shall fail and the remaining clauses will stand separately and remain enforceable.

11.2 This Contract shall be governed by the Law of Scotland.
