Which Pansy variety to choose?

For autumn and winter flowering the multi flowered varieties such as Mariposa and the larger flowered Fancy and Karma are reliable and popular varieties. These are best transplanted from plugs throughout the summer to give a succession of plants showing colour for sales in September, October and November. The large flowered varieties such as Karma and Fancy can also be transplanted in late autumn and over-wintered cold for early spring sales in flower. Pentland large flowered Pansies are also available in weeks 2-8 as 230 trays **ONLY**.

Plug size

We offer two sizes of pansy plugs

- 350** – This is an excellent balance of price versus plant size and is our most popular pansy plug size
- 230** – Our largest plug size is excellent where a fast turnaround is needed.

Pansy Large Flowered

A Pentland Preferred Variety

Choose this for even better value

It is generally accepted that no one breeder has all the best varieties or colours. We have assessed all the colours of many popular varieties for uniformity, flower size, colour, weather tolerance, etc, both in our pack and field trials. We have put together a collection of the best, covering all the major colour groups and can highly recommend this to you.

- F1 FRENZY PINK** – Vivid pink
- F1 FRENZY PLUM BICOLOUR** – Lavender flowers have a deep plum throat
- F1 FRENZY RED** – Rich red
- F1 FRENZY ROSE** – A brilliant deep rose
- F1 FRENZY ROSE VEIN** – Light pink with rose vein
- F1 FRENZY SALMON** – Flowers open to a soft salmon-pink
- F1 FRENZY SALMON MORN** – Broad, creamy white centres with soft salmon border
- F1 FRENZY VELVET** – Rich ruby with veins
- F1 FRENZY WHITE** – Pure white with pale yellow throat
- F1 FRENZY MIXED** – A formula mixture of the above colours

Selected colour mixtures:

- F1 FRENZY DEEP DARK DAWN** – A designer mixture of three veined Frenzys – lavender vein, orchid and velvet
- F1 FRENZY GRAND RAPIDS** – A ‘cool’ collection of blue shades plus white, which avoids the glare of other colours
- F1 FRENZY REFLECTIONS** – An early flowering mixture from this first class Multiflora series – salmon, lavender, red, rose and sugar all with attractive veining
- F1 FRENZY SATIN AND SILK** – A delightful pastel mixture made up of four Frenzy varieties – light blue, rose vein, salmon and white

A Pentland Preferred Variety

Choose this for even better value

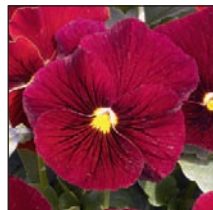

It is generally accepted that no one breeder has all the best varieties or colours. We have assessed all the colours of many popular varieties for uniformity, flower size, colour, weather tolerance, etc, both in the pack and in our field trials. We have put together a collection of the best, covering all the major colour groups and can highly recommend this to you.
